Spelthorne Local Plan needs OUR scrutiny

In August 2020 Spelthorne Council is due to submit a new local plan which will set out the direction for development for the next 20 years. It is vital that this is properly scrutinised and not just rubber stamped by local councillors.

A housing needs assessment has indicated that Spelthorne needs to build about 750 new homes every year, up from 166 in the previous plan. This raises a whole number of questions. Is this number realistic and sustainable? Where will these houses be built? What will happen to the Green Belt? What about affordable housing? All these questions have to be answered in the final plan.

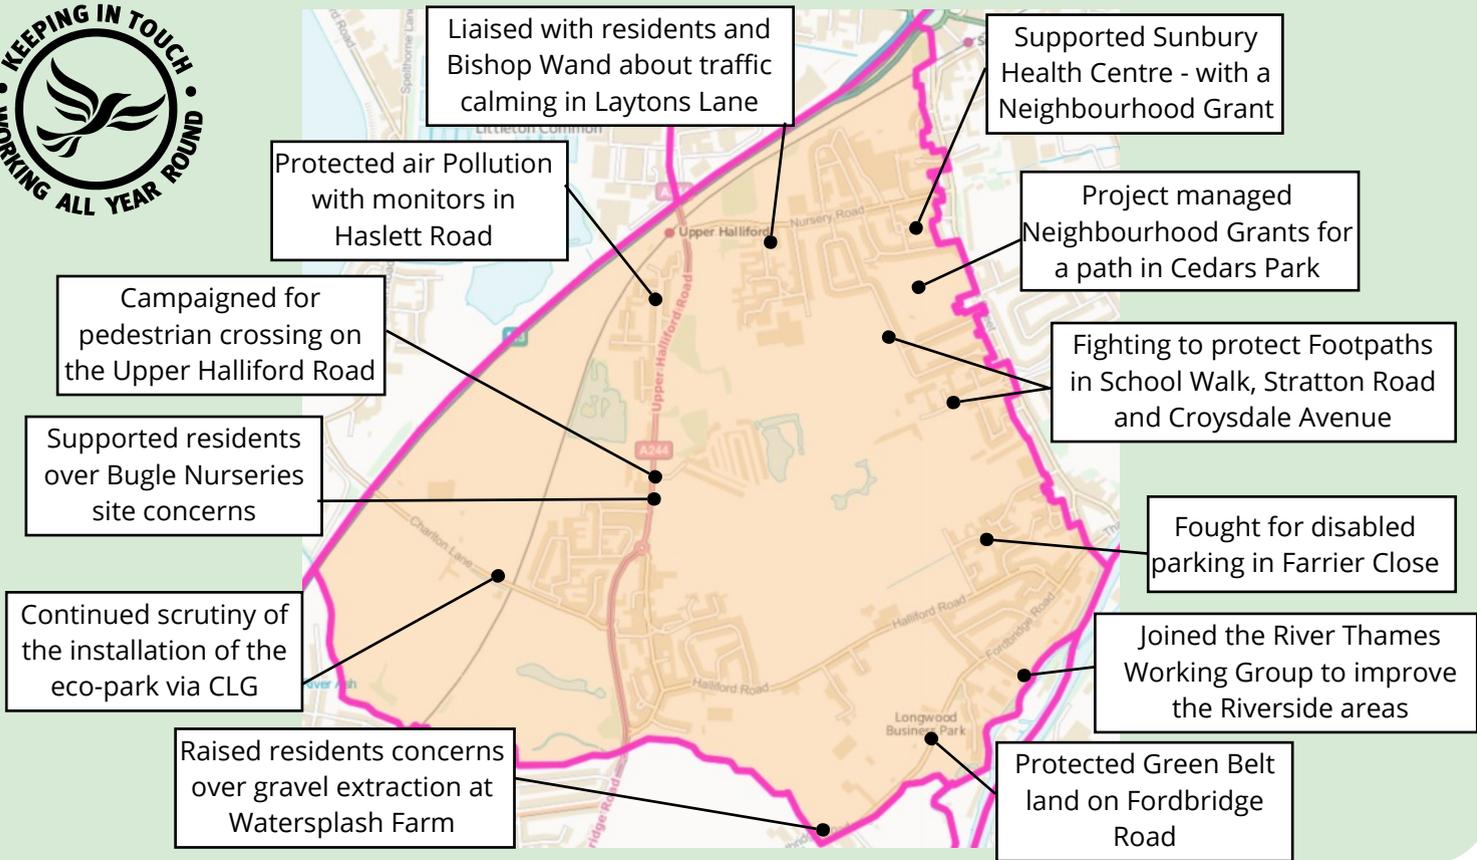

The Tories have a poor track record in protecting the local environment and defending the character of the borough – for example they completely failed to offer any opposition to the so-called Eco Park that will blight the area for years to come.

We already know that areas of Green Belt, such as Kempton Park, will be proposed for housing and that the developers are gearing up to fight very hard to get their way.

If elected your Liberal Democrat councillors will work to make sure that the plan does not become a developer's charter and that the local environment is properly protected.

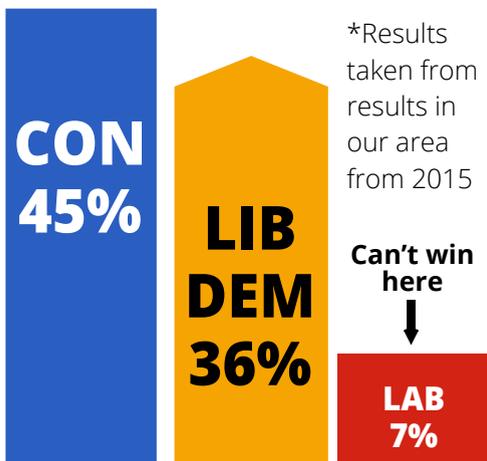

Details of the local plan can be found at www.spelthorne.gov.uk/localplan.

Our Priorities based on your feedback

As Liberal Democrats, we're proud of our record of work in the local community. We have been keeping in touch all year round and listening to local residents about their priorities. Based on your feedback, these are our top priorities for the election.

- 1 Developing and investing in our green and open spaces** - Improvements to our parks and protecting footpaths around our area.
- 2 Accountability and Transparency** - Keeping up our regular Focuses and monthly surgeries to give help and advice to residents. We would want to increase scrutiny of the decision making process of Spelthorne Borough Council.
- 3 Protect our local services** - To ensure that local residents are not left short amid Conservative cuts to the NHS, Police, Public Transport & Social care.
