

Your **Liberal Democrat**
Surrey County Council Candidate for
Lower Sunbury and Halliford

GET TO KNOW LAWRENCE NICHOLS

A reminder of Lawrence's **IMPRESSIVE TRACK RECORD**
as a **Halliford & Sunbury West Councillor**

Chair of Spelthorne Audit Committee

Elected with cross-party support, becoming the first non-Conservative councillor to hold this critical post. Finally addressing the issues that have prevented three years of accounts from being signed off.

Changing the culture

Challenging the culture of secrecy and making sure that all relevant information is provided. I have worked to get documents made public, such as the approvals of the £1bn of property investments.

Improving accountability for council spending

Working across parties, I initiated a review of the way Spelthorne Council's developments are managed. This has resulted in a new approach with greater transparency and accountability

and a commitment to review the second Benwell Court development.

Team working

The Liberal Democrat councillors have been working as a team to redefine the agenda in the Council on issues including the Local Plan, the Staines Development Plan, financial reporting and scrutiny.

I have lived in Sunbury for 35 years and love the area, but I can see many things that need to be improved. There has been a lot of new housing here, but the local facilities have just not kept up, and some are under threat.

As a school governor here for nearly 20 years I have witnessed central decisions,

both good and bad, having direct impacts on vital services. I want to influence decisions that are made by Surrey County Council and make sure they work for us.

As well as being an experienced borough councillor, I would bring my professional skills as an IT Director in both the private and public sectors to being your Surrey County Councillor.

LAWRENCE NICHOLS
LOWER SUNBURY & HALLIFORD

EVER FEEL SPELTHORNE IS IGNORED BY SURREY COUNTY COUNCIL?

MY TOP 5 PRIORITIES FOR SURREY

Infrastructure – Our local infrastructure is not getting the attention it needs and is not up to standard. I will push for much needed investment in our roads and schools.

Eco Park – This Conservative white-elephant has been a complete waste of money, and Surrey are not being transparent or accountable. I will fight to prevent further environmental damage.

Services – Surrey is responsible for many key local services. I will work hard to protect and improve health and social care, libraries, adult education and youth services.

Sustainability – We have to stop pretending Climate Change is someone else's problem. Surrey and Spelthorne must work together towards net zero carbon before 2030 and protect our precious Green Belt.

Financial Control – Surrey spends £1bn of our money. I will be checking that every pound is spent wisely and in the interest of residents, as I have been doing in Spelthorne Borough Council.
