Local Politics
fairer for all

COMMUNITY

COMPETENCE

COMMITMENT

CLIMATE

Our Values lead to our Promises

COMMUNITY

Invest in road safety measures in light of local needs

Ensure libraries become all round community hubs supporting the community and learning from Covid relief programmes

Invest in our fire service and reverse cuts to cover where required

Empower communities to take decisions closer to home

Ensure community spaces, under local management, support the most vulnerable

Rebuild youth services, especially in left behind areas

COMPETENCE

Ensure SCC secures a reputation for being effective; cut back-office costs to ensure value for

money and to pay for new services

Ensure competent contract management and enforcement so services are quality assured the first time - pot holes to stay fixed and responses to emergencies are timely and effective

Work with communities to ensure efficiency not duplication

Invest properly in school places local to residents and refurbish existing school buildings to bring them up to required standards

COMMITMENT

Take adult social care back in-house where required, to provide an equitable and safe provision for the elderly, while still pressing central government to provide a fully funded national solution

Support children with special needs and their families by investing in SEND provision closer to home

We will ensure Children's Services are the best they can be and vulnerable families and their children are safe and well cared for

Ensure families don't have to fight for their entitlements.

Take urgent action to get to carbon neutrality before 2030, in joint plans with local councils

CLIMATE

Curb investment in fossil fuels

Ensure public buildings are efficient and where possible generate their own electricity

Invest in better and more usable cycle provision, public transport and electric vehicle charging points

Bolster local flood prevention and hold drainage and sewage bodies to account

Mapping what we have been doing for you

Liberal Democrats have opposed the Eco Park from the very beginning

Liberal Democrats have opposed the incinerator at Charlton Lane since before the first planning application was made in 2010. When the key decision was taken in 2011 only the two Lib Dem County councillors voted against it. At the time we said that it "flies in the face of science, logic and common sense". How right we were.

Now, even Surrey can see that the gasifier will never work. They have already written off £42m and started legal action to cover their embarrassment.

The development of the Eco Park has been an unmitigated disaster for the area. Its development has been typical of the way Surrey Conservatives neglect Spelthorne.

Lawrence Nichols says "I am very concerned about the secrecy surrounding the failing Eco Park. No one any longer believes it will ever work. If elected, I will make sure that we know what is going on and that there is real consultation on the future of the site."

Active Travel Scheme

Surrey proposed a scheme to close some roads and restrict road transport across Sunbury. If the scheme had been implemented, it would have cut off homes and businesses and caused travel chaos.

Over 1,000 people responded to our survey which was presented to the County Council and helped to persuade them to abandon their plan.

Nursery Road Supported residents over junction improvements and road safety

Benwell House - Persuaded Council to review development of 5-storey block of flats

Manor Lane / The Avenue Supported residents over Road Safety Concerns

Public Transport - Sunbury, Kempton Park and Upper Halliford Train Stations - Continue to support Spelthorne in Zone 6 and improve public transport

Local Plan and Green Belt
Your Liberal Democrat councillors are working to get a Spelthorne Local Plan that will protect our area. This means not only defending our Green Belt, but also making sure that any development is matched with improvements to local facilities, such as schools, transport, GP surgeries and other infrastructure.

Green Street / Nursery Road / French Street / Manor Lane Supported schools with provision of computer equipment

Croysdale Avenue / Stratton Road Working to protect Rights of Way

Charlton Lane Continue to press for road improvements and action to address damage from HGVs

The Avenue Protect provision for Adult Education in our Area

French Street Raised residents concerns over traffic management schemes

Thames Street Working with outside bodies to support a pedestrian crossing to Walton Riverside

Martingale Close Supported residents over Tree Maintenance and Parking Concerns

Thames Street Working cross-party to improve our water frontage and the River Thames

Upper Halliford Road Continued support for Pedestrian crossing

Fordbridge Road (Watersplash Farm) Opposed Gravel Extraction and movement of Right of Way
